## IC CLASSIC 7420

Powered by durability, our iconic IC Classic is unique in our portfolio of bikes. It features universally threaded pedal spindles to accommodate third-party outdoor pedal options, a real chain drive for cycling purists looking for outdoor authenticity and direct pressure resistance reminiscent of outdoor caliper brakes. Regarded for reliability and satisfaction, this is a bike facilities of all types can count on.

### FLYWHEEL AND RESISTANCE

Heavy perimeter-weighted flywheel with direct pressure brake

### THE POWER OF METRICS

Add a variety of basic rider feedback tools — time, distance, calories and RPM — to your ride with the Cadence Pro. This console brings motivation and measurement to the group cycling studio with a compact display that is easy to use and easy to read, making a great bike even better.

## FEATURES
